Gentlemen:

Your letter is received, I do not want the cent referred to, I told you when I called at your office that if I was in a position to purchase some coins I would call ^{within} in three days & you said you would put ~~it~~ aside for three days, it was plainly understood that if I did not call at the time specified I would not purchase anything, I am much surprised you write this letter now.

Yours truly -
W. A. Hamilton,
